# ORDINANCE #2008-1

An Ordinance regulating adult establishment within the city of  
Brownsdale

**ORDINANCE # 2008-1**

**AN ORDINANCE REGULATING ADULT ESTABLISHMENT WITHIN THE  
CITY OF BROWNSDALE:**

**SECTION 1. BACKGROUND, INTENT AND PURPOSE.**

1. The Minnesota State Attorney General prepared a report entitled "Report of the Attorney General's Working Group on Regulation of Sexually Oriented Businesses," dated June 6, 1989. The Report considered evidence from studies conducted in Minneapolis and St. Paul and in other cities throughout the country relating to sexually oriented businesses, also called adult establishments.
2. The Attorney General's Report, based upon the above referenced studies and the testimony presented to it, concluded "that sexually oriented businesses are associated with high crime rates and depression of property values." In addition, the Attorney General's Working Group "...heard testimony that the character of a neighborhood can dramatically change when there is a concentration of sexually oriented businesses adjacent to residential property." The Report concluded that:
  - a. adult uses have an impact on the neighborhoods surrounding them which is distinct from the impact caused by other commercial uses;
  - b. residential neighborhoods located within close proximity to adult theaters, bookstores and other adult uses experience increased crime rates (sex-related crimes in particular), lowered property values, increased transiency, and decreased stability of ownership;
  - c. the averse impacts which adult uses have on surrounding areas diminish as the distance from the adult use increases;
  - d. studies of other cities have shown that among the crimes which tend to increase either within of in the near vicinity of adult uses are rapes, prostitution, child molestation, indecent exposure and other lewd and lascivious behavior;
  - e. the City of Phoenix, Arizona study confirmed that the sex crime rate was on the average 500 percent higher in areas with sexually oriented businesses;
  - f. many members of the public perceive areas within which adult uses are located as less safe than other areas which do not have such uses;
  - g. studies of other cities have shown that the values of both commercial and residential properties either are diminished or fail to appreciate at the rate of other comparable properties when located in proximity to adult uses;

h. the Indianapolis, Indiana study established that professional real estate appraisers believe that an adult bookstore would have a negative effect on the value of both residential and commercial properties within a one to three block area of the store;

i. the adverse impacts of adult uses are exacerbated when the uses are located near each other;  
and

j. the presence of liquor establishments in the immediate vicinity of adult uses also compounds the adverse impacts on the neighborhood.

3. The Brownsdale City Council finds that the characteristics of the City of Brownsdale are similar to those of the cities cited by the Report when considering the effects of adult uses.

4. The Brownsdale City Council finds, based upon the Report and the studies cited therein, that adult uses will have secondary effects upon certain pre-existing land uses within the City.
